

### **Invest Buffalo Niagara - Business Development Manager**

Do you have a passion for the Buffalo Niagara region? Do you want to help grow our regional economy? The Business Development Manager will support Invest Buffalo Niagara's mission of business attraction and expansion by developing and qualifying new business opportunities and managing economic development projects with a variety of private and public sector partners. Successful candidates will be self-motivated, confident, and resourceful. We hire outstanding people seeking an environment where they can make a difference and participate in the economic renaissance of our region.

#### ***About your role***

By driving business attraction and expansion, you will play a direct role in supporting the long-term economic prosperity of the Buffalo Niagara region by assisting with job creation and capital investment throughout Western New York.

As a professional project manager you will be facilitating business attraction efforts including but not limited to: qualifying expressions of interest, facilitating inquiries and regional visits by expanding companies, providing guidance and expertise through the due diligence process, coordinating the identification and connection of commercial real estate, incentive programs, workforce training opportunities, professional service provider referrals, higher education engagement, etc.

Work requires independent judgment and initiative combined with a broad spectrum of time management, project planning and economic development knowledge. The Business Development Manager is expected to exercise considerable initiative and confidentiality in carrying out assigned duties. This role is supervised by Invest Buffalo Niagara's Senior Vice President through regular communication, meetings, and reporting mechanisms.

#### ***What you'll be doing***

- Serve as a liaison in recruiting and assisting businesses interested in locating in Buffalo Niagara.
- Responsible for qualifying and navigating expressions of interest through the NY SMART I-Corridor's Supply Chain Activation Network (SCAN) for semiconductor and related businesses.
- Assess company needs and facilitate investigation of available commercial real estate, financial incentives, partner identification, professional service provider referral, etc.
- Cultivate business development lead generation efforts across multiple target industry sectors.
- Collect and report on activity and progress through Invest Buffalo Niagara CRM system to inform business development and marketing efforts.
- Collaborate and coordinate with local, regional and state economic development partners and create and maintain effective relationships with the business community, government agencies, and stakeholder groups.
- Attend outreach events, industry meetings, and trade shows as required.
- Professionally represent Invest Buffalo Niagara at internal and external functions. Attention will be aimed at coordinating and nurturing strong partner relationships among the business community and partner organizations.
